

(1) Should require that the participant have an independent auditor (i.e., the DCAA or an independent public accountant (IPA)) conduct periodic audits of its systems if it expends \$500,000 or more per year in TIAs and other Federal assistance awards. A prime reason for including this requirement is that the Federal Government, for an expenditure-based award, necessarily relies on amounts reported by the participant's systems when it sets payment amounts or adjusts performance outcomes. The periodic audit provides some assurance that the reported amounts are reliable.

(2) Must ensure that the award provides an independent auditor the access needed for award-specific audits, to be performed at the request of the contracting officer if issues arise that require audit support. However, consistent with the government-wide policies on single audits that apply to non-profit participants (see § 603.665), the contracting officer should rely on periodic audits to the maximum extent possible to resolve any award-specific issues.

§ 603.650 Designation of auditor for for-profit participants.

The auditor identified in an expenditure-based TIA to perform periodic and award-specific audits of a for-profit participant depends on the circumstances, as follows:

(a) The Federal cognizant agency or an IPA will be the auditor for a for-profit participant that does not meet the criteria in paragraph (b) of this section. Note that the allocable portion of the costs of the IPA's audit may be reimbursable under the TIA, as described in § 603.660(b). The IPA should be the one that the participant uses to perform other audits (e.g., of its financial statement), to minimize added burdens and costs.

(b) Except as provided in paragraph (c) of this section, the Federal cognizant agency (e.g., DCAA) must be identified as the auditor for a GOCO or FFRDC and for any for-profit participant that is subject to Federal audits because it is currently performing under a Federal award that is subject to the:

(1) Cost principles in 48 CFR part 31 of the Federal Acquisition Regulation (FAR); or

(2) Cost Accounting Standards in 48 CFR Chapter 99.

(c) If there are programmatic or business reasons that justify the use of an auditor other than the Federal cognizant agency for a for-profit participant that meets the criteria in paragraph (b) of this section, the contracting officer may provide that an IPA will be the auditor for that participant in which case the reasons for this decision must be documented in the award file.

§ 603.655 Frequency of periodic audits of for-profit participants.

If an expenditure-based TIA provides for periodic audits of a for-profit participant by an IPA, the contracting officer must specify the frequency for those audits. The contracting officer should consider having an audit performed during the first year of the award, when the participant has its IPA do its next financial statement audit, unless the participant already had a systems audit due to other Federal awards within the past two years. The frequency thereafter may vary depending upon the dollars the participant is expending annually under the award, but it is not unreasonable to require an updated audit every two to three years to verify that the participant's systems continue to be reliable (the audit then would cover the two or three-year period between audits).

§ 603.660 Other audit requirements.

If an expenditure-based TIA provides for audits of a for-profit participant by an IPA, the contracting officer also must specify:

(a) What periodic audits are to cover. It is important to specify audit coverage that is only as broad as needed to provide reasonable assurance of the participant's compliance with award terms that have a direct and material effect on the RD&D project.

(b) Who will pay for periodic and award-specific audits. The allocable portion of the costs of any audits by IPAs may be reimbursable under the TIA. The costs may be direct charges or allocated indirect costs, consistent
